ORDERING INFORMATION - SURFACE TRACK

Track Power Connectors

- **TCS - CON - LL - **: Track Connector, Live end, Left, Includes TCS-CON-DER-** dead-end fitting
- **TCS - CON - LS - **: Track Connector, Live, Straight, Includes TCS-CON-DL-** and TCS-CON-DER-** dead-end fittings
- **TCS - CON - LC - **: Track Connector, Live, Corner (90°), Includes TCS-CON-DL-** and TCS-CON-DER-** dead-end fittings
- **TCS - CON - LLC - **: Track Connector, Live end, Left, Ceiling conduit, Includes TCS-CON-DER-** dead-end fitting

Track Connectors

- **TCS - CON - PSC - **: Track Connector, Jumper, Straight

SURFACE TRACK ACCESSORIES

- **TC - CSINK**: Countersink and drill tool guide.
- **TC - CVR - 8 - **: Track gap cover, 8' (2.44m) [can be field cut].
- **TCS - CON - DEL - **: Left dead-end fitting, included with power feeds as noted above.
- **TCS - CON - DER - **: Right dead-end fitting, included with power feeds as noted above.

** Track component color: Specify WH for white or BK for black.

TECHNICAL

CONSTRUCTION
Track & Track Connectors: Extruded aluminum; painted finishes are granulated powder coat.

POWER
Must utilize a panel based current limiter if needed, supplied by others. Available for use with 220-240V single circuit only. Track powered via live feed connectors. At least one live feed or junction box connector must be selected to provide power to track assembly.

MOUNTING
Track may be mounted to any horizontal surface. Track and Track Components specified separately according to field application conditions.

LISTING
cTUVus listed to UL1598 standard for Dry locations.

TRACK HEADS
Surface Track is compatible with all Lucifer Lighting Track Heads, specified separately.

WARRANTY
Manufacturer’s 1-year warranty guarantees product(s) listed to be free from defects in material and workmanship under normal use and service. Warranty period begins from the date of shipment by Seller. Consult website for full warranty terms and conditions.
**TRACK INTERNATIONAL**  SURFACE MOUNT

**TRACK CONNECTORS - LIVE FEED**

A **TCS-CON-LL-**
Left end, live feed connector can be fed by MC Cable or Romex Wire directly. Connects to a single surface track component.

B **TCS-CON-LLC-**
Left end live feed connector available for ceiling mount conduit. Includes adaptors for 1/2” and 3/4” EMT conduit and 1/2” flex conduit. Connects to a single surface track component.

C **TCS-CON-LS-**
Inline, live feed connector can be fed by MC Cable or Romex Wire directly. Allows for the joining of two surface track components.

D **TCS-CON-LC-**
Corner, live feed connector can be fed by MC Cable or Romex Wire directly. Allows for two surface track components to be joined at a 90° angle.

**TRACK - SURFACE**

E **TCS-STR-I(length)-**
Surface components available in 4’ and 8’ lengths and are field cuttable. Requires connector to supply power.

**TRACK CONNECTOR - JUMPER**

F **TCS-CON-PSC-**
Joins two straight surface track components to form a longer, continuous piece of track.
