Fraxion 3”, Lucifer Lighting •
This sliding, adjustable fixture requires 3.5” recess depth for the 3” module. Using a Citizen LED module integral to the housing, the fixture is offered in 2700K, 3000K, 3500K, and 4000K at a CRI of 80, 90, or 97, respectively. With beam spreads available in 17-, 25-, 40-, and 60-degree options, this fixture can rotate 365 degrees and has a 62-degree cutoff. • luciferlighting.com
